I totally get it.
Medicaid used
to pay for mine
and I wish other
insurances did.

Do you do a
buy-in for
workers with
disabilities?

I make too much

Between a physician friend and me.

James Akridge sent me this only three days before I arrived on campus. Not enough time to find and coordinate with an Agency in DC, let alone find someone to help independently/self-pay.

with A'Ja Lyons at Gallaudet University. in Carlin Hall. She and I were good friends in the Honors program and here, she helped me maintain my facial hair.

Hi Thomas,

What is your plans for the fall semester? Are you expecting to have a personal attendant? If so you do know that you have to provide your own personal attendant. There is a process that is required for having a personal attendant on campus. Now is the time to act. Please contact me if you have any questions or concerns regarding personal attendant. Thanks.

James Akridge

Mr. Akridge only gave me just days prior to my arrival on campus.

It's almost as if the administration didn't prioritize how to provide adequate notice for Long-Term Support Services, just as the administration did not provide information on how to request accommodations for a public event, the Global STEM Signs Conference, several years ago until I asked!
